

Directions to St Mary's Church, (a slightly tricky church to find!)
North Mymms Park
Hatfield

(The church web site has a post code which took me somewhere else!)

<https://www.achurchnearyou.com/church/6791/>

Driving south or north bound on the A1 come off at Junction 3 onto the North Orbital Road A414 and drive towards St Albans.

You will enter a 50mph zone and come to a long about. Drive straight on and be ready to turn left on to High Street - signposted Colney Heath.

Drive 0.7 miles along High Street to the roundabout, take the second exit which is Tollgate Road.

Drive almost 1.3 miles – look for a church sign to turn right and turn into what looks like a country park. There is a large house and also a sign post to Home Farm. Pass through the gate posts straight ahead, (do not be tempted to turn left) follow the road across a bridge and straight along bearing right, at the top you will find the church on your right. There is limited parking close to the church (including disabled parking) - otherwise park on the approach road, taking care not to block the path of any emergency vehicles that may have to use the road.

There are toilets on site, including disabled.
